

# seabourn summer fun

“Vacation” usually means going somewhere. This year, our vacation was hosting our family in Orlando. We’ve had a great time over the months of May and June as Daniel, Michelle and Abby visited, then Kermet and Novlee, ending with Jonathan, Meredith and Mallory. Jennifer joined us several times and even included her MK friends.

## abby

Abby came to stay with Grammy and Grandad for 2 weeks in May while Daniel and Michelle visited a sensitive country they call 'Stan. We had a *great* time!

## alligators

Florida has alligators. Lots of them. We canoed with them at Blue Spring State Park. We ate alligator tails at Lone Cabbage Fish Camp.

## at the beach

We can't vacation in Florida without going to a beach or two, or even three! We hit Cocoa, New Smyrna, and Cape Canaveral. Abby loved the beach. She is fearless! Beaches are off-limits to dogs, so Mallory never made it to the beach.

## rocking horse

Kay has long wanted one of Grandpa Kermet's wooden rocking horses. He brought the pieces and enlisted Keith in the assembly.

## mallory

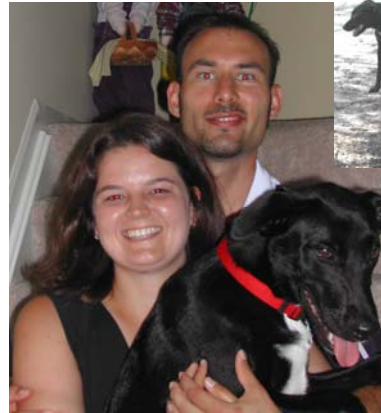

Jonathan and Meredith brought Mallory to Florida. She loved the dog park and made several friends.

## mk interns

Jennifer's summer is full with missionary kids—training interns and leading a project of 90 to Uganda. The interns enjoyed Kay's traditional Nigerian meal.
